Children's birthday party in the Klingendes Museum

Status: 08/2025

Music to touch, try out and experience

In the Klingendes Museum Berlin ("sounding museum" Berlin), visitors can quickly try out, touch and play all instruments - from classical to rock. During the workshops, children and adults have the opportunity to get to know the instruments directly and to make them sound. Our experienced music teachers will explain to you how the various instruments work and how to get the first notes out of them. In 1989, the conductor Prof. Gerd Albrecht initiated the world's first sounding museum in Hamburg. The Klingendes Museum has been in Berlin for more than 20 years. Since then, countless school classes, daycare groups and adults have experienced how lively and stimulating music can be. Since the Klingendes Museum and the Klingendes Mobil (our bus with instruments in board) were founded in 2002, around 30,000 visitors have taken advantage of our various offers every year.

A very special day

A birthday in the Klingendes Museum is a very special art of celebrating your birthday with music! The birthday party is led by our experienced music teachers and includes - depending on age and scope - the presentation of the most important instrument groups of a typical symphony orchestra: the relevant woodwind and brass instruments as well as string and percussion instruments and many more. The birthday programs are always age-appropriate. Most of the children who celebrate with us are between 4 and 12 years old. We are happy to help you select the right program for you.

Please note that the maximum number of participants is generally limited to 15 people (children and adults) for all birthdays.

Birthday programs in the Klingendes Museum

Musical birthday party "Piccolo" - from 4 years

- You can bring your own food

General info

* Beverages provided by us: mineral water, organic apple juice/spritzer, coffee and tea.

For reasons of environmental protection, we only use reusable decorations and crockery and would kindly ask you not to bring decorations or disposable products with you. Thank you for your assistance!

We have a hygiene concept that you can read on our website. All instruments are cleaned after use and the mouthpieces are disinfected.

Example of a children's birthday party "Grande"

3:00 p.m. Arrival at the Klingendes Museum

The birthday guests are greeted with music and briefly shown around the premises.

3:15 p.m. Instrument workshop

The groups of instruments (brass, strings and percussion instruments) are presented one after the other in an age-appropriate way, and the children can actively try out all the instruments and make them sound with music-pedagogical accompaniment.

4:30 p.m. Birthday table

The guests can expect a decorated birthday table with and drinks and own food.

5:00 p.m. DIY Instrument making

The children make and decorate their own small instruments from hardware store materials.

5:30 p.m. Conclusion and free playing instrument

All instruments can be tried out freely. Our music teachers are on hand to give the children advice and support. Musical games make a fun ending.

6:00 p.m. End

The children are picked up and can take home the instrument they have made themselves as a nice souvenir.

Ticketing

After registering a birthday party, we need the following information for the booking confirmation and to be able to prepare the birthday as best as possible:

- The number of guests and accompanying persons (max. 15 persons in total)
- The desired birthday program (We will be happy to advise you!)
- The age of the children and any previous musical knowledge
- Your billing address and telephone number (we will invoice you after the party)

If you are interested in a birthday party in the Klingendes Museum or with the Klingendes Mobil, or if you have any further questions, I would be happy to answer them by email or phone.

With sounding greetings
