Children's birthday party with the Klingende Mobil

Status: 08/2025

Music to touch, try out and experience!

In the Klingende Museum Berlin, visitors can try out, touch and play almost all instruments - from classical to rock. During the workshops, children and adults have the opportunity to get to know the instruments directly and make them sound. Our experienced music teachers will explain to you how the different instruments work and how to get the first sounds out of them. The conductor Prof. Gerd Albrecht initiated the world's first Klingende Museum in Hamburg in 1989. The Klingende Museum in Berlin has been around for more than 20 years. Since then, countless school classes, daycare groups and adults have experienced how lively and stimulating making music can be. Since the Klingende Museum and the Klingende Mobil were founded in 2002, around 30,000 visitors have taken advantage of our various offers every year.

A very special day

A birthday with the Klingende Mobil is a very special way to celebrate your birthday musically! The birthday workshop is led by our experienced music teachers and includes - depending on age and size - the introduction of the most important instrument groups of a typical symphony orchestra: the relevant woodwind and brass instruments as well as string and percussion instruments and many other instruments. The birthday programs are always carried out in an age-appropriate manner. Most of the children who celebrate with us are between 4 and 12 years old. We are happy to advise you on choosing the right program.

General information and requirements

We have a hygiene concept that you can read about on our website. All instruments are cleaned after use and the mouthpieces are disinfected. Please note that the maximum number of participants is generally limited to 15 people (children and adults) for all birthdays.

We ask you to reserve a parking space for the Klingende Mobil nearby for the duration of the visit and to unload the instruments.

For the workshop we need a large room, preferably on the ground floor, with enough stools or chairs for the participants and one or two tables.
